

ACTIVITY SQUARE RECIPE

Photo credit: Tim Fitzwater Photography

DESIGN

- Identify space for field & obtain permission from property owner
- Measure dimensions of space. Note the amount of sunlight, shade, and topography.
- Design space - consider how dimensions and topography dictate what activities would be successful.

MATERIALS

- (2) plywood sheets
- (2) Saw horses
- White duct tape
- (1) Ping pong kit
- (1) Can white marking paint

MARK LAYOUT

2 people

Use string line and marking spray to mark outlines of field

BUILD TABLES

2-4 people

Stack plywood sheets on top of sawhorses one to create steady surface. Mark sides and center with tape and install ping pong net.

Approximate Price: **\$140**, not including labor.
